MANISTEE, Mich. July 18, 2023—A new hotel with direct views and access to Lake Michigan is now open in Manistee, Michigan.

The Hampton Inn & Suites in Manistee is directly across from the First Street city beach at 101 Lakeshore Drive. The new five-story hotel has 102 rooms, with balconies for rooms facing Lake Michigan. A patio on the ground level includes firepits and a beach bar. The fifth floor includes an event space and 80-seat restaurant with stunning views of Lake Michigan and the Manistee River.

From the Indiana border to Traverse City there are very few lodging options on Lake Michigan.

“The hotel has the quality amenities of the Hilton brand with a beautiful view and easy access to Lake Michigan,” said Peter Beukema, CEO of 6PM. “This will be a unique vacation option for tourists from all over the Midwest, and an added asset for the residents and businesses of Manistee.”

In addition to the beach, the hotel’s guests will be able to enjoy many other recreational activities.

“We are also just minutes from world class golf, hundreds of miles of hiking trails, and popular boating and fishing opportunities,” said Leigh Farrell, Director of Hotel Operations for 6PM. “Guests will also be able to walk down Manistee’s famous river walk to enjoy the downtown shopping and dining options.”

The hotel offers a free hot breakfast, a fitness center and indoor pool, indoor/outdoor hot tub, electric vehicle charging, free parking and amazing sunsets. The hotel is also surrounded by First Street Beach Park, which offers numerous amenities like disk golf, tennis courts, baseball diamonds, a dog park, the beach and boat launch.

Bookings are being accepted now for July 18, 2023 and beyond and can be made online at:
